Experience in academic staff affairs / Expérience des affaires du personnel académique

Provide a summary of your involvement with academic staff associations at the local, provincial, and/or national level.
Décrivez brièvement vos activités au sein d'associations de personnel académique à l'échelle locale, provinciale et nationale.

I have been involved with the University of Guelph Faculty Association since the early 1990s and Councillor since 1996 with only a two-year gap in my service during that 20 years. I was on the Executive of the Association from 2000-2010 including two terms as Pensions and Benefits Chair, two terms as Vice-President and two terms as President. I was a member of the Salary Negotiating Team - 1996/97, 1998/99, 00/01, 04/05, 06/07, 07/08 including the first negotiated Collective Agreement following unionization. I was a staunch supporter of the unionization effort and led multiple efforts on campus to bring members onside. I worked tirelessly on the development of our first Collective Agreement and was a member of the Implementation Team for the two years that followed that successful negotiation. I was President of the Association during the negotiations for our second Collective Agreement, then OCUFA Director for one year and then left the Executive for 2 years. I returned to the Executive as Vice-President in 2012 and completed my second term as Faculty Association President in June 2016. I am currently on the Executive as the OCUFA Director, 2016-2018.

During my time on the Executive at Guelph I have participated in multiple Local, Provincial and Federal forums, workshops, conferences, demonstrations on issues of Intellectual Property, Grievance and Arbitration, Collective Bargaining, and Academic Freedom. I have been a regular attendant at CAUT Council and participated in Parliament Hill Day, and Get Science Right campaigns. I have had two terms as the UGFA Trustee on the CAUT Defense Fund. I have participated in several flying pickets.

I was elected as one of two Representative-At-Large (General) during the April 2016 CAUT Council meeting and re-elected to that position in May 2017. I have very much enjoyed my two years in this position and now feel competent to contribute effectively to the activities of the CAUT Executive. I have participated in the New Activist Workshops as a facilitator each of the last two years.

Other relevant experience / Autre expérience pertinente

Provide a brief summary of experience or qualifications which you feel would be useful in the position for which you have been nominated.
Décrivez brièvement l'expérience ou les compétences acquises qui vous permettraient d'occuper le poste pour lequel vous avez été recommandé(e).

My past two years on the Executive of CAUT as Representative-At-Large, has prepared me well for the next year in that same position. I attended all Executive meetings and Retreats over the last two years. I continue to advocate for a Mental Health initiative that I hope to bring to this Council as a special workshop this April 2018. As a member of numerous negotiating teams both before and after unionization, I have developed a great set of negotiating skills that I would like to share. I also have considerable experience writing language for Collective Agreements and seeing their implementation. I have spent 10+ years learning about Pensions and involved in the decision-making around alternative Pension Plan arrangements and the newer Jointly-sponsored pension plans being conceived in Ontario. As President of the UGFA I have participated as one of the representatives in many Grievances and Arbitrations of issues relevant to ensuring the Collective Agreement is upheld. I have well developed skills in mediation/negotiation and successfully battled the Administration on issues of workload, harassment, defense of academic freedom, challenges to intellectual property rights, improper appointment of faculty and Chairs, performance evaluation, tenure, investigation of members and imposition of discipline. Now having served two, two-year terms as President, I believe I can bring the "At Guelph" experiences to the National stage. Having faced the prospect of Censure and come back with a now, respectful relationship with Administration, I believe I can help other Faculty Associations with similar challenges at their institutions. I have also been involved in an initiative at Guelph to increase Aboriginal faculty, and students

Priorities for CAUT / Priorités de l'ACPPU

Identify what you feel should be major priorities for CAUT in the next two years.

Quelles devraient être, selon vous, les grandes priorités de l'ACPPU pour les deux prochaines années?

1. Ensuring equity and diversity in the faculty complement, whether they be tenured and tenure-stream or contingent faculty. Efforts to enhance diversity in the student population have been ongoing for some time, while the faces of the professoriate are increasingly uniform. We need to encourage programs that seek to give voice to disadvantaged academics and provide the environments within university communities for them to thrive. This also means resisting the decreases in faculty complement and the continued drive to replace permanent faculty positions with short-term contingent positions. On my campus I was involved in an initiative that led to the hiring of 6 new Aboriginal faculty in the last year, and ongoing initiatives to mentor these faculty, and support increases in Aboriginal undergraduate and graduate students. CAUT should seek to further diversify the academy and encourage programs that encourage and support, participation by LGBTQ2S academic staff in the university.
2. Provide training and support for the recognition of Mental Health and Mental Illness issues on our campuses and for specific appreciation of the impact that increasing workloads have on the wellness of our faculty. Mental Wellness is not just an issue for students but for faculty as well and we need to ensure that our employers are providing accommodation and counselling support for mental health disabilities of our members.
3. Continue with the Get Science Right initiative. This has a good start but it will take more than a few years and a single Liberally led Federal Government to see this through. CAUT needs to keep pressure on the Federal Government to increase funding to the Tri-Councils and the National Research Council. It also needs to increase funding to Health Canada and Environment Canada, to see that we continue to be world leaders in promotion of human and animal health and the environment. Meetings with the Science Minister Kirsty Duncan and the CAUT Executive are ongoing and the appointment of a Science Advisor this past year was a very important step in keeping the dialogue going. This year the focus will be on seeing real change in the budget allocation and implementation of the Naylor report.

Additional comments / Autres renseignements

Provide any additional information you feel would be useful to Council delegates in their consideration of your candidacy.

Ajoutez tout complément d'information utile que les délégués du Conseil pourraient prendre en compte dans l'appréciation de votre candidature.

I have the energy and enthusiasm to actively participate in the activities of the CAUT Executive. My last year as Representative-At-Large has given me insight into a number of important issues for our Associations and the battles we need to fight with the Federal and Provincial Governments as well as the Boards of Governors that are increasingly removing powers of senates and unions and leading to the corporatization of universities. We need to put academic decisions back the hands of faculty, not CEOs of big companies. We have a job to maintain the integrity of our universities and a duty to uphold Academic Freedom each and every time it is challenged. I have been a student on campuses across the country and now as a faculty member in Ontario, have seen the university from various perspectives. While most of my experiences in Faculty Associations has been at Guelph, the problems that Guelph has faced and is facing are universal. The more I attend CAUT council and Executive, the more sure I am that we have far more issues in common, that we do differences. Let me continue to be a voice for Member Associations across the country at the National Level.

Dear Chair, Elections & Resolutions Committee:

On behalf of the University of Guelph Faculty Association (UGFA) Executive, I would like to nominate Professor Kelly Meckling, Human Health & Nutritional Science, University of Guelph, for another term in the position of Representative-at-Large (General) for CAUT. Kelly has been a long-time supporter and advocate for the faculty, faculty association and CAUT. She has held many positions within the UGFA including President, Vice-President, Pension & Benefits Chair, member of the 1st collective agreement negotiation team, UGFA representative to Board of Governors Pension Committee, OCUFA Board, CAUT delegate and UGFA Senate representative, to name but a few. In addition, she has been a member of the Executive or Council almost continuously since the 1990's.

Kelly has been a driving force within the Association having dealt with issues of grievances, appeals, disciplines, arbitrations and negotiations. We believe that her expertise and dedication will be of continued benefit to CAUT and as such Executive voted unanimously to support Professor Meckling in her bid for another term.

Sincerely,
